I just got off a Zoom with Flock. The Illinois Representatives have been busy due to this state-wide request.

I sent them the link, and they will try to upload the data.

I'll let you know when they say it's done.

Thanks

Are the files larger than 1.9GB? If so, that is the problem.

I have a meeting with FLOCK on Monday over Zoom to see if they can do it. This is very time-consuming and frustrating....

Wow. I'm not surprised. Big, college town smack in the middle of the highway from Chicago to St. Louis.

We have no intent to share this information publicly. This response will remain confidential.

We have a system wherein I can send to you a link for you to upload the information. We built it specifically for this reason and for confidentiality. Will that work for you?

Good Morning! We are going to be sending our response to this FOIA today but we need two things before we do-
First, are you able to confirm that the information we send is for internal use at the SOS only and will not be released to the public? Some of the plates that have been run are part of open and active investigations.

And second, the information we have is too big for me to be able to email. Internally we cant even send it to one another; it has to be placed on a shared drive. Would you be okay if we mail you a USB with the information?

Thank you!
Sarah
