| Subtotal Year 1:           | \$18,000.00 |
| Annual Recurring Subtotal: | \$18,000.00 |
| Estimated Tax:             | \$0.00      |
| Contract Total:            | \$36,000.00 |

*Taxes shown above are provided as an estimate. Actual taxes are the responsibility of the Customer. This Agreement will automatically renew for successive renewal terms of the greater of one year or the length set forth on the Order Form (each, a “Renewal Term”) unless either Party gives the other Party notice of non-renewal at least thirty (30) days prior to the end of the then-current term.*

**Special Terms:**

- This Agreement supersedes any and all previously executed agreement between the Parties, relating to the provision of services by Flock to Customer and any exhibits attached thereto or incorporated therein by reference. Upon execution of this Agreement, all previously executed agreements pertaining to the Services provided shall run coterminous with the Term of this Agreement. In the event of any overlap in subscription terms and prior invoices, payments will be provided in pro rata credit. Any estimates provided on credits are subject to change based on execution of new contract. This term shall be effective 12/29/2024 -12/28/2026

Product and Services Description

| Flock Safety Platform Items | Product Description                                                                                                               | Terms                                                                             |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| FlockOST™                   | Flock Safety’s situational awareness operating system.                                                                            |                                                                                   |
| Flock Safety Falcon ®       | An infrastructure-free license plate reader camera that utilizes Vehicle Fingerprint® technology to capture vehicular attributes. | The Term shall commence upon first installation and validation of Flock Hardware. |

FlockOS Features & Description

| FlockOS Features                               | Description                                                                                                                                                                                                                                                                                                      |
|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Community Network Access                       | The ability to request direct access to feeds from privately owned Flock Safety Falcon® LPR cameras located in neighborhoods, schools, and businesses in your community, significantly increasing actionable evidence that clears cases.                                                                         |
| Unlimited Users                                | Unlimited users for FlockOS                                                                                                                                                                                                                                                                                      |
| State Network (License Plate Lookup Only)      | Allows agencies to look up license plates on all cameras opted into the Flock Safety network within your state.                                                                                                                                                                                                  |
| Nationwide Network (License Plate Lookup Only) | With the vast Flock Safety sharing network, law enforcement agencies no longer have to rely on just their devices alone. Agencies can leverage a nationwide system boasting 10 billion additional plate reads per month to amplify the potential to collect vital evidence in otherwise dead-end investigations. |
| Law Enforcement Network Access                 | The ability to request direct access to evidence detection devices from Law Enforcement agencies outside of your jurisdiction.                                                                                                                                                                                   |
| Time & Location Based Search                   | Search full, partial, and temporary plates by time at particular device locations                                                                                                                                                                                                                                |
| License Plate Lookup                           | Look up specific license plate location history captured on Flock devices                                                                                                                                                                                                                                        |
| Vehicle Fingerprint Search                     | Search footage using Vehicle Fingerprint™ technology. Access vehicle type, make, color, license plate state, missing / covered plates, and other unique features like bumper stickers, decals, and roof racks.                                                                                                   |
| Insights & Analytics                           | Reporting tool to help administrators manage their LPR program with device performance data, user and network audits, plate read reports, hot list alert reports, event logs, and outcome reports.                                                                                                               |
| ESRI Based Map Interface                       | Map-based interface that consolidates all data streams and the locations of each connected asset, enabling greater situational awareness and a common operating picture.                                                                                                                                         |
| Real-Time NCIC Alerts on Flock ALPR Cameras    | Receive automated alerts when vehicles entered into established databases for missing and wanted persons are detected, including the FBI’s National Crime Information Center (NCIC) and National Center for Missing & Exploited Children (NCMEC) databases.                                                      |
| Unlimited Custom Hot Lists                     | Ability to add a suspect’s license plate to a custom list and get alerted when it passes by a Flock camera                                                                                                                                                                                                       |

By executing this Order Form, Customer represents and warrants that it has read and agrees all of the terms and conditions contained in the Terms of Service located at <https://www.flocksafety.com/terms-and-conditions>

The Parties have executed this Agreement as of the dates set forth below.
